IMPORTANT SAFETY INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE USING YOUR ROBOT VACUUM.

When using an electrical appliance, basic precautions should always be followed, including the following:

⚠️ WARNING

TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY:

» Do not use outdoors or on wet surfaces.
» Do not allow to be used as a toy. Close attention is necessary when used by or near children.
» Do not use for any purpose other than described in this User’s Guide. Use only manufacturer’s recommended attachments.
» Do not charge with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, have it repaired at a qualified technician.
» Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
» Do not unplug by pulling on cord. To unplug, grasp the charger, not the cord.
» Do not put any object into openings. Do not use with any opening blocked; keep openings free of dust, lint, hair, and anything that may reduce air flow.
» Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
» Do not use to pick up flammable or combustible materials (lighter fluid, gasoline, kerosene, etc.) or use in areas where they may be present.
» Keep appliance on a level surface.
» Do not carry the robot vacuum cleaner while it is running.
» Place the cords from other appliance out of the area to be cleaned.
» Do not operate the vacuum in a room where an infant or child is sleeping.
» Do not operate the vacuum in an area where there are lit candles or fragile objects on the floor to be cleaned.
» Do not operate the vacuum in a room that has lit candles on furniture that the vacuum may accidentally hit or bump into.
» Do not allow children to sit on the vacuum.
» Prevent unintentional starting. Ensure the switch is in the off-position before connecting to battery pack, picking up or carrying the appliance. Do not carry the appliance with your finger on the switch.

SAVE THESE INSTRUCTIONS

This model is for household use only.

⚠️ WARNING

This product contains a Lithium Ion rechargeable battery. According to Federal and State regulations, removal and proper disposal of Lithium Ion batteries is required. For disposal instructions see the instructions on page 6.

» Plastic film can be dangerous. To avoid danger of suffocation, keep away from children.
» Do not plug in your vacuum cleaner UNTIL you are familiar with all instructions and operating procedures.
» To reduce the risk of electrical shock, turn power switch off and disconnect polarized plug from electrical outlet BEFORE performing maintenance or troubleshooting checks.
Thanks for buying a BISSELL vacuum!

We love to clean and we’re excited to share one of our innovative products with you. We want to make sure your vacuum works as well in one year as it does today, so this guide has tips on using (page 7-9), maintaining (pages 10-12), and if there is a problem, troubleshooting (page 13-14).

**Package Contents**

1. BISSELL SmartClean® Robotic Vacuum
2. Rechargeable Li-Ion Battery
3. Dust Bin
4. Edge Cleaning Brushes
5. Programmable Docking Station
6. Power Adapter
7. Invisible Wall
   (4 AA batteries not included)
8. Filter

**NOTE:** Not all accessories come with every model. Be sure to check the carton for additional tools.

15 Battery Cover Plate
** WARNING**
Do not plug in your vacuum until you are familiar with all instructions and operating procedures.

### Battery Installation & Removal

** DO NOT REMOVE THE PLASTIC SHRINK SLEEVE FROM THE BATTERY PACK.**

**To Install the Battery:**
First, turn the power switch to the off position. Press on the two circles of the battery cover and slide the cover towards you and insert the battery.

**Install the battery in the compartment, ensuring the +/- terminals of the battery match the +/- indicators in the battery compartment.**

### Installing & Removing the Side Brush

**To Install:** Push the brush directly onto the holder.

**To Remove:** Hold the brush bristle and pull upward to remove the brush.
Getting Ready to Clean

1. Install the edge cleaning brushes and the battery according to the assembly instructions.

2. Leave the power switch on and charge the battery directly from power cord for 4-5 hours prior to the first operation.

3. Use the invisible wall to keep the robot from cleaning in areas where obstructions have not been removed.

Initial Charging of the Battery: AC/DC Adaptor

1. Plug the adaptor plug into the port directly next to the power switch first, and then plug the other end in to the wall outlet. Turn on the power switch of the unit on. The initial charge will take 4-5 hours.

NOTE: The unit will not charge if the power switch is OFF.

For the initial charge, plug the wall adaptor directly into the charging port on the robot vacuum and turn the power on.

⚠️ WARNING - DISPOSAL OF BATTERY
If your SmartClean robotic vacuum is to be disposed of, the battery should be removed and disposed of properly. For specific disposal instructions of the battery, please contact RBRC (Rechargeable Battery Recycling Corporation) 1-800-822-8837 or visit www.rbrc.com
Recharging the Battery: Docking Station

1. Make sure the docking station is installed correctly with at least 40 inches to one side, 12 inches to the opposing side and no obstructions in front of the docking station. After the initial charge is complete, plug the wall adaptor directly into the docking station.

   NOTE: The unit will not charge if the power switch is OFF.

   To test the auto-charge feature of the dock, turn the power switch ON and select "00" with the center button (see page 9 for control panel details). The vacuum should back into the dock for recharging if the appropriate spacing was provided for the docking station.

The Invisible Wall*: Assembly & Use

1. To remove the battery cover, hold the invisible wall and press firmly while sliding downward to remove the battery cover.

2. Insert batteries with the +/- terminals facing the directions indicated and replace the battery cover. (AA batteries not included)

3. To turn on the invisible wall slide the switch away from the light towards the (I) symbol. Wait 10 seconds between turning it on or off.

   TIP: If the robot strays too far away from the docking station, it may not return automatically. Use the invisible wall to keep the robot within range of the docking station.

4. Place the invisible wall in the threshold of a room or in front of an area of the room you do not want the robot to clean. Indicator light is only ON when robot approaches sensor path.

   TIP: Run time and performance may vary based on the amount of debris present. Use the invisible wall to limit the allowed range in messier rooms.

*Requires 4AA batteries. Batteries sold separately
GETTING READY TO CLEAN
There are 2 options for cleaning:

Option 1: Scheduled cleanings using the Docking Station
Option 2: Manual cleaning using the robot’s control panel

Schedule Cleanings Using Docking Station

Toggle Switch adjusts between 3 settings:
- Set CLOCK
- Set SCHEDULE (auto cleaning)
- Set RUN (once clock and schedule are set)

Program CLOCK
1. Slide the switch to the CLOCK setting (the CLOCK icon will be flashing).
2. Use the “+” or “-” buttons to set the hour.
   NOTE: The time is set using military time.
3. Use the “+” or “-” buttons to set the minute.
4. Use the “day” button to set the day.

Program the Cleaning SCHEDULE
1. Slide the switch to the SCHEDULE setting (the SCHEDULE icon will be flashing).
2. Use the “+” or “-” buttons to set the hour.
   NOTE: The schedule is set using military time.
3. Use the “+” or “-” buttons to set the minute.
4. Use the “day” button to set the correct day. There are five format schedules available for the day setting (see below).

Run the CLOCK and SCHEDULE
1. Slide the switch to the RUN setting.
2. If the clock and schedule have been programmed, the CLOCK and SCHEDULE icon will both display lit when the switch is on RUN mode.

Format of schedules:

a. One day a week (one day of week will be lit)
b. Everyday of week (Sun - Sat will be lit)
c. Five days a week (Mon - Fri will be lit)
d. Six days a week (Mon - Sat will be lit)
e. Two days a week (Sat and Sun will be lit)

Cleaning the Dust Bin

**WARNING**
To reduce the risk of electric shock, turn power switch off and disconnect plug from electrical outlet before performing maintenance or troubleshooting checks.

1. Push the top cover to open.

2. Pull up the dust bin handle and take out the dust bin from the robot.

3. Open the top cover of dust bin. Unsnap dust bin filter.

4. Empty the dust and dirt from the dust bin.
Cleaning the Dust Bin cont.

5
Rinse the dust bin with tap water. It is not necessary to wash every time. **Do not machine wash the dust bin.**

6
Periodically clean the filter with a soft bristle brush. **Do not wash the filter.**

7
Once clean, reinstall the filter and close the dust bin lid.

8
Place dust bin back in robot and close top cover.

**WARNING**
Do not operate vacuum with damp or wet filters, or without filters or the Dust Bin in place. Allow components to dry before reassembling the Dust Bin.
Cleaning the Intake

After repeated use, dirt and dust can accumulate around the intake of the vacuum and the working efficiency can be reduced.

To ensure the best efficiency and constant airflow, the intake should be cleaned periodically by removing any debris from the intake or brushroll.

Before cleaning the intake ensure the robot is not attached to the charging cable or dock, and the power switch is in the OFF position.

Cleaning the Sensors

After repeated use, dirt and dust can accumulate on the sensors of the vacuum and the working efficiency can be reduced.

To ensure the best efficiency, the sensors should be cleaned off periodically by brushing any dirt or debris from them.

Before cleaning the sensors, ensure the robot is not attached to the charging cable or dock and the power switch is in the OFF position.

Cleaning the Side Brushes

After being used for a period of time, the brushes need to be cleaned to work more effectively.

Turn power OFF. Place bottom of cleaner upward on a flat surface. Hold the brush bristles and pull upward to remove brush.

The side brushes can be rinsed and if they become crooked, you can soak them in hot water to make them return to the original shape. Return brushes after completely dried.
# Troubleshooting

**WARNING**
To reduce the risk of electric shock, turn power switch off and disconnect plug from electrical outlet before performing maintenance or troubleshooting checks.

### Warranty

This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state. If you need additional instruction regarding this warranty or have questions regarding what it may cover, please contact BISSELL Consumer Care by E-mail, or telephone as described below.

**Limited One-Year Warranty**

Subject to the “EXCEPTIONS AND EXCLUSIONS” identified below, upon receipt of the product BISSELL will repair or replace (with new or remanufactured components or products), at BISSELL’s option, free of charge from the date of purchase by the original purchaser, for one year any defective or malfunctioning part.

See information below on “If your BISSELL product should require service”.

This warranty applies to product used for personal, and not commercial or rental service. This warranty does not apply to fans or routine maintenance components such as filters, belts, or brushes. Damage or malfunction caused by negligence, abuse, neglect, unauthorized repair, or any other use not in accordance with the User’s Guide is not covered.

**BISSELL IS NOT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE ASSOCIATED WITH THE USE OF THIS PRODUCT. BISSELL’S LIABILITY WILL NOT EXCEED THE PURCHASE PRICE OF THE PRODUCT.**

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

**EXCEPTIONS AND EXCLUSIONS FROM THE TERMS OF THE LIMITED WARRANTY**

THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTIES EITHER ORAL OR WRITTEN. ANY IMPLIED WARRANTIES WHICH MAY ARISE BY OPERATION OF LAW, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE ONE YEAR DURATION FROM THE DATE OF PURCHASE AS DESCRIBED ABOVE.

Some states do not allow limitations on how long an implied warranty lasts so the above limitation may not apply to you.

---

**NOTE:** Please keep your original sales receipt. It provides proof of date of purchase in the event of a warranty claim.

### Service

**If your BISSELL product should require service:**
Contact BISSELL Consumer Care for information about repairs or replacement parts or if you have questions about your warranty.

**Website:**
www.BISSELL.com

**E-mail:**
www.BISSELL.com/email-us

**Call:**
BISSELL Consumer Care
1-800-237-7691
Monday - Friday 8am - 10pm ET
Saturday 9am - 8pm ET
Sunday 10am - 7pm ET

**Please do not return this product to the store.**
Other maintenance or service not included in the manual should be performed by an authorized service representative.

For any questions or concerns, BISSELL is happy to be of service. Contact us directly at 1-800-237-7691.
Register your product today!

Registering is quick, easy and offers you benefits over the lifetime of your product.

You’ll receive:

**BISSELL Rewards Points**
Automatically earn points for discounts and free shipping on future purchases.

**Product Support Reminders and Alerts**
We’ll contact you with any important product maintenance reminders and alerts.

**Faster Service**
Supplying your information now saves you time should you need to contact us with questions regarding your product.

**Special Promotions**
Optional: Register your email to receive notice of offers, contests, cleaning tips and more!
